

## **Non-Degree Admission**

Non-degree admission is valid for six years. The 6 hour guest student limit does not apply. However, in order to be admitted as a non-degree student you must submit one official transcript from the institution where your most recent degree was taken. The College of Education, Health, and Human Services will secure transcripts of course work taken at Kent State University. A \$30.00 non-refundable application fee is required.

*It is important for non-degree students to understand that in the event they decide to apply to a degree program, a limit of 12 hours taken as a non-degree admit can be used in the degree program, if approved.*
